To Sheep farmers and the Public
in general.
F. C. Calvert's Phenylino
Terebinth Sheep Salve

The great reputation these specifies have enjoyed in England on account of the extraordinary success in all cases where they have been applied, has induced proprietors to introduce them in this market.

on account of the immense sheep lar-
interest of the country. To enable shep-
herds to obviate in future the con-
sequences they sustain yearly, not only a
degeneration of the Sheep, but a
frequently happens, the loss of the

itself. It is a powerful attempt, he only asks a fair trial, feeling no of the result. The following is a some of the ways to which these people may be applied—

Cows; distemper, an ill diseases n

For wounds or lacerations resulting from accident and for all general Veterinary purposes these remedies are sure. It has thus been found to be remarkably successful in the Hospitals, in England for eu-

Cancer. Perchbano is also used for tanning hides, skins and bones from vermin and insects, the parcels are cured with it in this city and Austrians have merited the appellation of perchers in England who import them to buy

Sole Agents in Buenos Ayres,
Hen Brothers and Co.

Who have on hand a supply of bottles in bottles of two pounds, and at 22 to 30 pence each. Also [S]

Salvo, which has proved to be an
fallible remedy.
